Seminar on “Different aspects and innovations in IPR”

Name of the program	“Different aspects and innovations in IPR”
Date	03/07/2023-05/07/2023
Venue	Vaagdevi College of Pharmacy
Total number of students	56
Resource person	Dr.S.Vasudeva Murthy,Professor &Principal(JCOP) Dr.E.Rajveer,HOD of Pharmaceutical Chemistry Dr.G. Anil Kumar, Principal, Jayamukhi Institute of Pharmaceutical sciences.
Report	<p>Seminar on Different aspects and innovations in IPR was conducted. The resource persons for the sessions was created a great impact on the entire audience. Students were taught on how IPR restricts copying others ideas and how this will help the development of new ideas for the betterment of the society. Students learnt how IPR provides total control over a new innovation and its creator. They were also given a platform to discuss how small innovations influence societies at large and how they should indulge in innovating and patenting ideas that will be useful for all the classes of individuals in the society. Intellectual Property Rights play a vital role in protecting creations of the mind and promoting innovation. Emerging trends and innovations in IPR raise new challenges and opportunities for individuals, businesses, and governments. She concluded that understanding of these developments, we can work towards creating a more effective and efficient Prof. Y. Shravan Kumar HOD, Department of Pharmaceutics and Mrs. V. Srilekha coordinated the session.</p>

Date	31/07/2023-02/08/2023
Venue	Vaagdevi College of Pharmacy
Total number of students	62
Resource person	Dr. Y. Vamshi Vishnu Managing Director of Magnificent Cosmo Cosmoceuticals
Report	<p>The inauguration started with formal prayer and the participants were warmly welcomed by Ms.V.Rashmitha. The inaugural address was delivered by Dr. C. Srinivas Reddy, Principal, Vaagdevi college of pharmacy. Dr. Y. Vamshi Vishnu Director of Magnificent Cosmo Cosmeceuticals who explained the need for entrepreneurship and innovation to remain resistant dynamic in the global market. He spoke Entrepreneurship is a journey of self-discovery, growth, and resilience. One of the most valuable lessons I've learned is that failure is not the opposite of success, but rather a stepping stone to achieving it. He also highlighted the challenges one may take while venture promotion and insisted the need for such training programs. He lauded the initiative of Department of Industries and Commerce and the Entrepreneurship Development Institute. The valedictory function was presided by Dr. K. Srinivas Reddy. The participants were invited to present the feedback. Ms.V.Rashmith proposed vote of thanks to the speaker, the Management, Vaagdevi college of pharmacy, Participants and team members of VCOP for the successful conduction of the program.</p>

REPORT ON

Seminar on “Role of IPR in Strengthening of Nanotechnology”

Name of the program	“Role of IPR in Strengthening of Nanotechnology”
Date	15/09/23 - 17/09/23
Venue	Vaagdevi College of Pharmacy
Total number of students	85
Resource person	Dr. M. Baswaraju Associate Professor, Jayamukhi College of Pharmacy.
Report	<p>The presentation of the session was delivered by Dr. M. Baswaraju Associate Professor, Jayamukhi College of Pharmacy, Warangal who provided a perspective from the industry on the issue. According to Dr. M. Baswaraju nanotechnology has many applications in various fields, such as medicine, electronics, energy, and materials. However, nanotechnology also poses some challenges and risks, such as ethical, environmental, and health issues. Therefore, it is important to protect your nanotechnology with intellectual property (IP) rights, which are legal rights that grant you exclusive control over your inventions, creations, or discoveries. According to Dr. M. Baswaraju responding to the rapidly growing global market in nanotechnology, leading Indian companies are investing heavily in nanotechnology product development, while a handful of start-ups are also involved in consultancy, market research, training and product development in nanotechnology. An overview of the nano-patenting activity in India, however, indicates that India is still nascent in terms of nanotechnology investment and patent applications, Finally, his presentation focussed on public-private collaborations in capacity building initiatives as key to harnessing IP and leveraging IP for competitiveness, for the future of nanotechnology in India. Mrs. T. Rajani Assistant Professor co convener of the session .</p>

Date	05/03/2024 to 07/03/2024
Venue	Vaagdevi College of Pharmacy
Total number of students	101
Resource person	Prof. Raj Reddy Director MBA of Vaagdevi
Report	The seminar aims to provide participants with a comprehensive understanding and marked a pivotal moment in the advancement of pharmaceutical education, as academia and industry came together to explore the implementation of the National Education Policy, 2020. It promotes excellence in pharmacy education and strengthen the synergy between academia and industry. The seminar attracted significant participation, with 101 students and 46 faculty members engaging in insightful discussions and collaborations. Distinguished speakers enriched the seminar with their valuable insights. Sir emphasized the importance of educators adapting to the changing educational landscape and integrating industry-relevant skills into the curriculum. He discussed the implications of the National Education Policy, 2020, for pharmacy education, emphasizing the alignment of educational objectives with industry demands.

Seminar on "Start-Up policies in Entrepreneurship"

Name of the program	"Start-Up policies in Entrepreneurship"
Date	18/04/24 - 20/04/24
Venue	Vaagdevi College of Pharmacy
Total number of students	83
Resource person	Dr. Nagesh HOD of Pharm D Balaji Institute of Pharmaceutical Sciences
Report	<p>Wonderful session was conducted in Vaagdevi college of pharmacy on Start-Up policies in Entrepreneurship for students. The main goal of this programme is to improve the skills in students. The resource person was Dr. Krishna Prasad. The lecture was started with Entrepreneurship promotion and development. Here are some key reasons why such workshops are crucial for students: Entrepreneurship should be one of the major dimensions of the industrial strategy. To facilitate development of an entrepreneurial ecosystem in the organization, specific objectives and associated performance indicators should be defined for assessment.</p> <p>Implementation of entrepreneurial vision at the institute should be achieved through mission statements rather than stringent control system. He said the entrepreneurial agenda should be the responsibility of a senior person at the level of dean/ director/ equivalent position to bring in required commitment and must be well understood by the higher authorities.</p> <p>Resource mobilisation plan should be worked out at the institute for supporting pre-incubation, incubation infrastructure and facilities. A sustainable financial strategy should be defined in order to reduce the organizational constraints to work on the entrepreneurial agenda. At last he explained the development of entrepreneurship culture which is essential for growth of the country.</p>
